JOHN DEERE AG TECHNICIAN PROGRAM

SLOANS.COM | 800.745.4020

Educational Programs

JOHN DEERE AG TECH - 2 YEARS

Lakeland Community College
Mattoon, Illinois

Northeast Iowa Community College
Calmar, Iowa

Vincennes University
Vincennes, Indiana

Associates Degree -
Applied Science designed to train students to enter the dealership as a John Deere Ag Technician or Lawn & Garden Technician.

Graduate Certified in Electronics, Hydraulics & Service Advisor -
Certified to work on any piece of John Deere Ag or Lawn & Garden Equipment.

Qualify for Tuition Reimbursement upon graduation.
Contact us for details.

We will provide uniforms.

Both education programs include classroom instruction, laboratory instruction and a hands-on dealership internship. Students will be compensated for their internship time at the dealership.

These programs help provide financial support to students pursuing high education degrees while allowing Sloan Implement to recruit, train and evaluate future potential employees.
